

Rainbow Trail Fall Adventure

Let's celebrate the fall migration of the Kokanee salmon together.

The Kokanee salmon run typically begins in late September or early October, last year's primetime was in mid-November.

The salmon are most active from late morning through afternoon.

Nature's putting on a show for us, so grab your bike or hitch a ride with fellow neighbors as we roll out to **Taylor Creek** for a walk along the magical **Rainbow Trail**. The Visitor Center & Chamber should be open.

Expect a little exercise & lots of good conversations.

Although we cannot guarantee salmon or bear appearances, there will be plenty of fish, ducks, & other wildlife.

Bring your curiosity, your camera, & your favorite walking shoes!

Wednesdays Mornings in October

Weather Pending

Bike or Carpool

Meet on 15th Street near the
Tahoe Keys entrance sign.
